

**Naked Nigum -
URBAN TUNELLS
KLEZMERBAND**

Since 2000 **Urban tunélls klezmerband** has given new life to an old musical tradition, *the klezmer* music. The four experienced musicians do so with passion and energy. Idiosyncratic interpretations are conveyed by the beautiful sounds of clarinet, accordion, double bass and piano. They play the klezmer music with respect and awareness of the cultural legacy.

Urban tunélls klezmerband presents exquisitely folk music rooted in Eastern Europe, the Middle East and Asia through creative arrangements and warm-hearted vigour. The clarinet player Morten Michelsen urged to express it his own way. The varied backgrounds of the exceptionally skilled musicians range from classical and jazz to gypsy music and folk rock. In addition to the clarinet, the band's line up consists of accordion - Jovan
